

BROCK ASSOCIATES
RESIDENTIAL METAL ROOFING

This Sherwin-Williams® WeatherXL coating comes with a 40-year pro-rated warranty that covers chalking, cracking and fading. The paint should never chalk nor crack. Fading is inevitable up to a certain allotment, but excessive fading could apply to the warranty. See back for details on the impressive durability of this coating. Freedom Metals is always here to help with any questions or concerns you may have.

White Liner available upon request
